BECAUSE she has
enthusiastically carried on her teaching
since 1924 with unflinching loyalty;

Because she is understanding in all
matters whether they be large or small, and
is a close friend to both faculty and stu-
dents;

Because she is honest in everything she
says and does, has a refreshing sense of
humor, thus presenting a perfect example
of faultless character;

Because her firm principles set a prece-
dent to all of us;

Because of her wise philosophy of life,
which helps to create healthy minds and
hearts in the future citizens of our com-

The path to success is laden with many pitfalls unknown to us. Friendly leaders are needed to guide our puzzled minds. We find them here, along the way.

Board of Education

G. H. Gibson

Constant vigilance, wise leadership. To the Board of Education of Thornton Township High School, those four words express the very essence of the momentous job they have undertaken. It is a job without thanks or praise, and they have undertaken it voluntarily, receiving no material gain for their efforts.

The Board is made up of five men, namely, a company president, a consulting engineer, a township official, an attorney, and a banker. These men, from several representative walks of life, all have a common desire to keep Thornton in the honored position that it has attained.

The company president, Mr. G. H. Gibson, was, before retirement, head of the Chicago Steel Car Company. He has served the Board faithfully for the past 35 years. The consulting engineer, Mr. A. H. McDougall, has been a member of Thornton's Board of Education for thirty-four years.

The township official, Mr. Walter Haines, the attorney, Mr. Frank P. Cowing, and the banker, Mr. Edwin R. Waterman, in conjunction with the two previously mentioned members, have such responsibility as employing faculty members and determining their salaries and regulating the budgets and expenditures of the school.

To these men, who have served us so well, we owe a great debt of gratitude.

Superintendent

We, the students of Thornton Township High School, have for our superintendent a quiet, mannerly, and distinguished gentleman, whom the world has chosen to call Dr. William Estus McVey.

For twenty-eight years Dr. McVey has served well both students and faculty.

He has given freely of his knowledge to all who needed it, and generously of his aid to all who asked it. He has been a friend to those who wanted a friend and a leader for everyone to follow. For Dr. McVey is not just the superintendent of our school, he is Thornton

O. Fred Umbaugh, A.B., A.M. Wittenberg College, University of Chicago. Head of English Department. Dean of Boys.

Room 108-B is usually the scene of much activity during the course of any regular school day for it is the office of Mr. O. F. Umbaugh, disciplinarian and Dean of Boys, head of the English Department, and faculty adviser of KIP and Purple X. The combination of the duties of these positions comprise a full day's work, as Mr. Umbaugh will readily tell you.

Years of experience, however, have given him the ability to handle his work efficiently and with a complete understanding of the problems of teen-age boys and girls. As Dean of Boys, he helps to show Thornton's male students the way to a clean-cut and eventful high school life. As disciplinarian, he comes in contact with almost every problem faced by the average American youth, and in most cases is able to do much toward straightening out the trouble.

As the close of school draws near, Mr. Umbaugh concludes another year of faithful service and understanding guidance to the students of Thornton.

Miss Helene Wilson, Dean of Girls, has always been a source of inspiration and help to Thornton's girls. She has willingly given her time and effort in solving their problems, and has worked with them as a friend.

Miss Wilson was elected during the past year to the office of President of the Illinois Association of Deans of Women. She has been Thornton's Dean of Girls for fourteen years and is constantly busy as Sponsor of the Girls Club. She is a faculty member of Purple X.

As a reward for her untiring effort she has the respect and admiration of every Thornton girl.

Helene E. Wilson, B.A., M.A. University of Wisconsin, Northwestern University, Oxford University. Dean of Girls.

Joseph B. Stephens, B.S., A.M. University of Chicago, University of Indiana. Mathematics. Principal of Class of 1917.

Four very important members of the faculty are the class principals. By a rotating system, Mr. J. B. Stephens, Mr. J. F. Zimmerman, and Mr. G. Phillips conduct a class from the sophomore year to the night of graduation.

To Dr. C. R. Maddox, the Freshman Class Principal, falls the task of acquaint-

ing the freshmen with Thornton's customs and traditions

During his school days, a student can always depend upon the class principals for help in solving school problems, and after graduation there are memories of the kindness, interest, and understanding of these faculty members

When you look into the two offices at the southwest end of the building, you will be gazing on the most important places in the entire school. You will find a staff of office assistants who perform many tasks which are important to the successful administration of the school. Files of the attendance of students in the past and present, records of grades and citizenship, and personality ratings for each pupil may be found in these rooms.

The announcements which you hear over the public address system in the morning and throughout the day come from this main office.

Office Operators

Miss Constance Lovejoy is secretary to Dr. William E. McVey. Miss Jane J. Ridder is registrar, and Miss Barbara Goostree operates the switchboard. Others who are a part of the office staff are: Miss Edith Kordewich, Miss Betty McBoer, and Miss Edith Mitchell.

The secretary to Dr. C. R. Maddox and Dean Beck is Miss Annabeth Ridder.

The superintendent of the building and grounds is Mr. V. L. Parish, and his assistant is Mr. W. C. Fowler.

Grammar Gremlins

Oh, those fortunate seniors! They have all the luck when it comes to English. If, during their first three years, they have made an "A" or "B" average, they may choose dramatics, debate, public speaking, or journalism instead of fourth year English. The fourth year course consists of English Literature and further work in composition.

The senior can now recall the "good old days" when he was a freshman. He was then introduced to a wide reading program, which developed an appreciation for good literature. He obtained his books from either the English Rental Library, which contains 22,739 volumes valued at \$23,538, or from the main library, which contains 11,830 volumes valued at \$1,398 over last year. The students may also use the main library for reference work under the supervision and guidance of two librarians and student assistants.

During his sophomore year he struggled through those everlasting nouns, verbs, and conjunctions. He will always remember the first speech he gave in literature class and the first composition written during his junior year.

Now he is a senior! If he desires to look behind the scenes or charm an audience, he, no doubt, will choose dramatics. Perhaps he prefers to discuss different world-wide problems with others; then by all means, he should choose debate. On the other hand, if he is interested in writing, the journalism class is the logical place for him. He may either work on the school paper or the school annual, or both if he desires.

The English department is Thornton's largest department, and is made up of nineteen teachers under the supervision of Mr. O. F. Umbaugh.

Progress Prowlers

Mr. J. E. Zimmerman is the head of the Social Science Department and Mr. C. C. Stegmair supervises the history section.

European, Modern, and American History, which is required of every student at Thornton, are the three groups of history.

Civics, which is required of every freshman student, is an elective for all students. It teaches about the organization of the government. Commercial law gives the pupil a glance at the legal affairs of our nation.

Commercial Geography explains the influence of the locality and climate upon enterprises, business opportunities and ideals of the various peoples.

Economics is concerned mainly with how the pupil can make a good living and how the government uses, controls, and makes money.

Sociology deals with the origin and evolution of society and the different functions of human groups.

The Social Science Department helps the students to understand not only the history and development of our world but also many practical things of life so he can improve our government.

Lyrical Lingo

Today, as never before, the young people of America realize the many benefits to be gained from the knowledge of a foreign language. As the nations of Europe can now be reached in a few hours by airplane, many Thornton students are likely to realize their dreams of traveling to foreign countries.

Courses in French, Spanish, and German offer the student an excellent opportunity, not only to learn to read and write the language, but to speak it as well. Even after one year's study, boys and girls taking the same language are able to carry on simple conversations among themselves.

Latin, the fourth language course offered at Thornton, provides the student with a basic knowledge of our own language, since English is largely derived from it. Although it is almost impossible to speak Latin, persons pursuing the study of it find it very interesting and helpful to them in their other subjects.

The language department, under the direction of Miss Mildred F. Anderson, is doing much to contribute to the increasing interest of Thorntons in foreign affairs.

With the United Nations organization and the good neighbor policy in full swing, people everywhere look forward to many pleasant relationships with foreign countries all over the world.

Busy Belles

Ahhhhh! Delicious scents greet you as you pass the homemaking department, and assure you that the girls are preparing elegant morsels of food.

So, it makes you hungry? Maybe you'll be one of the lucky people to be invited to a dinner, and watch neatly clad girls serve the meals which they themselves have prepared.

The cooking classes prepare and give teas for various organizations throughout the year. The Homemaking Apartment serves as a very suitable background for these occasions.

Re-styling and making simple and then more complex garments is the work of the students in the sewing classes.

Each year the sewing classes present a tea, at which the girls model garments which they have made. The mothers are the special guests.

Miss Wilma Reed is at the head of the Homemaking Department.

Geometric Geniuses

Mathematics began back in the year 17,000 B.C. when it was originated by the Greeks and the Arabs. And now, in 1947, it is still challenging us.

Thornton students are fortunate in having such a wide variety of math courses offered to them. Algebra is offered first, and is an elective of students in any year. If a student takes it in his freshman year, he may follow through with geometry in his sophomore year, advanced algebra and solid geometry in his junior year, and college algebra and trigonometry in his senior year.

Thornton students realize that a good background of mathematics is essential to success in many fields. The efficiency of Thornton's math department depends to a great extent upon the supervision of Mr. Guy Phillips, who is the department head.

Atom Addicts

For all freshmen students General Science is a required subject. Throughout the year the freshmen become acquainted with various phases of chemistry, physics, and biology. Although they go into each one only slightly, it prepares them for any science subjects in the next three years.

Biology is the subject offered to students in their sophomore year. The students learn about plant, animal, and human life. They learn of the many different parts of plants and animals and how to dissect them.

The chemistry department, which is under the head of Mr. Fred Ring, is another science subject offered to students in either their junior or senior year. Chemistry deals with the physical and chemical changes of elements and compounds. Students learn how to make certain compounds and mixtures by mixing different elements and compounds without blowing themselves up.

Physics is offered to the seniors, and it is the most difficult subject of the science department. Mr. C. L. Beier is the head of this department. During a physics class you may learn why your automobile slides on a wet pavement and not on a dry one. You will also learn what makes your automobile engine run. Mr. Beier discusses the cause and effect of ordinary occurrences.

Pre-flight is offered to students and teaches them all about flying. They learn all about science aeronautics to the time of actual flight.

The field of science offered at Thornton is both interesting and useful.

Efficient Employees

Under the able guidance of Miss Eva Lieber, the business department is turning out well-trained secretaries, accurate bookkeepers, and excellent typists. This is the goal of Thornton's business department, and it is being reached every year.

Now that the war is over, business standards are extremely high. Only those who have the best business training will get the available jobs. The department is not perfect, but it is certainly at the top.

Thornton has excellent business facilities. Every pupil is given the opportunity to do the best he can. It is quite impossible for all students to find a place in the business world, but additional classes are provided in summer school and night school for those who want to find positions and who want to be better business men and women.

Rembrandt Rivalers

Why don't you watch where you're going?

"I couldn't help running into you. You see, I was admiring the poster above the door. I wonder who made it?"

Ah, yes! These are familiar phrases in the halls of Thornton. For Thornton's Art Department has shown that it is composed of talented students. These "Rembrandts" of tomorrow have made most of the posters seen in Thornton's halls.

All freshmen are required to take a course of art. This enables them to learn the practical aspects of art, and better appreciate it.

Sophomores are able to apply the principles which they learned in their freshmen year to poster work and figure drawing.

Juniors and seniors are offered commercial art, advanced art, and art and crafts. Advertising and letter design are taught in commercial art, while the advanced art classes learn about portraiture, caricature, and mural designs.

In the craft classes a student learns the theories of design, and applies them to his work with leather and other materials.

Fugue Fanatics

The class in History and Appreciation of Music meets every day during the third period in room 146. It is a full credit subject and is designed for those students who desire a more complete knowledge of music.

During the first semester, a study is made of the elements of music. These include notation, rhythm, melody, harmony, polyphonic and monophonic music, form and expression. During the second semester, a thorough study is made of representative compositions of important composers to illustrate the following periods in music history: early polyphonic, polyphonic, classic romantic, nationalistic, impressionistic, and modern.

Considerable attention is given to the listening of radio programs, current events, criticisms, and attendance at operas and concerts. Much time is devoted to listening to music through recordings.

Able Artisans

One of the largest departments here at Thornton, the Industrial Arts Department, is headed by Mr. L. Britton. Under his supervision and guidance the boys enrolled in this department are given the opportunity to develop skill in one particular field. Thus, they are started on the road to specialization in some profession, such as drafting or engineering.

Students who are taking this course may plan it from the following list of subjects: blue printing, auto mechanics, metal works, electricity, wood working, machine shop, mechanical drawing shop math, trade physics, and trade chemistry.

CRAFTS

Most of the boys taking auto mechanics supply themselves with coveralls, for it has been discovered by means of sad experiences that working with such things as internal combustion engines and gears is sometimes pretty hard on good clothes.

This department has done much in the past to train Thornton students so that they will be ready to obtain and hold worthwhile positions in later life and we are sure that Mr. Britton and his staff will continue to see that it runs smoothly and satisfactorily at all times.

Girls In Blue

"There is a class for every girl" is the boast made in the past by the Girls' Physical Education Department, headed by Dr. Martha Carr, and it is still being made.

Upon receiving their physical examinations when entering Thornton as Freshmen, the whole class is divided into groups, and they soon become acquainted with the different phases of freshman physical education which includes dancing and swimming with emphasis on group games and relays.

Girls, not able to take such strenuous activities because of physical unfitness, are put into rest classes thus enabling them to have a period of complete relaxation during the day.

After the girl is past her Freshman year she has her choice of either Swimming I, II, or III, or Sports I and II, or Rhythms I. When she becomes an upperclassman there are two more activities added to her list of choices—Rhythms II or Sports III.

In the sports classes she learns to play such team games as: volleyball, basketball or baseball. In the third year sports classes she learns the techniques of individual sports such as: ping-pong, badminton, and archery.

No matter how capable or how incapable a girl may be in swimming or sports, there is always a "class for her."

Avid Athletes

Since there are now six instructors in the Boys' Physical Education coaching staff, the average boy has a greater opportunity for participating in the various sports.

The individual student receives more attention and is able to learn more about a particular sport which he may pursue as a hobby in later life.

An addition has been made to the little gym, which gives a little more space and helps to alleviate the crowded gym classes.

The most popular of the sports is swimming, which is given during a student's sophomore year. The freshmen activities consist of games, relays, and exercises. Juniors and seniors participate in advanced games and receive instructions on their favorite sport.

TOURISTS

Riding down life's perplexing road, all of us are tourists—from the Freshman heading up his rocky trail, to the Senior, for whom the path seems a smooth highway.

Flag Day

The traditional Flag Day ceremony originated over thirty years ago when the senior class of 1914 presented the junior class with the flag pole and a silk flag.

During the war we also had a service flag which was given to Thornton by the Parent Teachers Association in honor of our boys and girls in the Armed Forces.

This flag was flown under the American flag.

On Flag Day there is always a hustle, bustle, and hum throughout the halls of Thornton, since it is the first time the seniors don caps and gowns.

The ceremony is started with the National Anthem, and is concluded with Patriotic speeches.

The Honored Ones

Perhaps the greatest honor that can come to any Thornton student is to be chosen a member of the National Honor Society.

Scholarship is not the only thing that counts in selecting members. Character, leadership, and school service are important qualifications.

If by his junior year a student has lived up to these qualifications, he is elected at the end of the year.

If a B plus average is maintained throughout the four years of high school a student is automatically on the Thornton Honor Roll.

Arrived Safely

After four years at Thornton, the seniors find themselves at the end of an important part of life's journey. These few, swift winged years have passed only too rapidly to the graduates, who look back upon good times and dear friends. These moments of happiness, these friendships, may soon be memories of yesterday, but the knowledge they have gained through experience will enrich their lives and present to them a better tomorrow.

No senior will deny that there have been times when the future looked none

too bright. But always there seemed to be someone to help, a teacher, perhaps, who was anxious to give aid and encouragement. The danger spots in life's road seem to fade with a smile or a kind word.

Now they are at the crossroads. The things they have learned, not only from books, but from associations with others will determine which way they will go. As men and women, taking their places in society, they are proud to be graduates of Thornton.

Tuxedo Junction

The long-awaited night of May 25, 1916, had arrived. There was excitement in the air as those attending the Junior-Senior Prom entered the Shoreland Hotel to dance and enjoy the music of Jay Beurkhart.

Dr. and Mrs. W. E. McVey, Mr. and

Mrs. O. F. Umbaugh, Miss Helene J. Wilson, and Mr. Walter Armbruster were the guests of honor. The chaperones for the evening were Mr. and Mrs. C. R. Valbert and Mr. and Mrs. F. W. Ring.

At 12:00 this perfect evening came to a close, but memories of it still linger on.

JUNIOR CLASS OFFICERS

Louise Brown, Secretary; John Lundmark, First Vice President; Chuck Romer, President; Jean Furth, Second Vice President; Jacqueline Furth, Treasurer.

Seasoned Travelers

Three thrill-packed years have been completed, and the class of '48 now nears its ultimate goal — graduation.

Even as they dream of the future, however, these soon-to-be seniors look back on their years at Thornton with the knowledge of a job well done.

As freshmen they walked Thornton's halls hesitantly, but as they joined in the extra-curricular activities and elected class officers, they learned self-confidence.

Under the guidance of Mr. J. F. Zimmerman, the class took another step toward graduation. The sophomore year was filled with activities and crowned by the sophomore party.

During their Junior year they walked through Thornton with a confident step. Such things as the crowning of the May Queen, the annual party, and the prom helped make the year enjoyable.

They are justly proud of their achievements, but look forward to an even bigger and better senior year.

Rolling Right Along

With their sophomore year behind them, the class of '49 has high expectations of becoming the best, and most successful junior class in the history of Thornton.

They have encountered many problems in the past year but with the assistance and guidance of Mr. Guy Phillips, their difficulties faded into the past.

The class of '49 seems to agree that "all work and no play makes Jack a dull boy" for during the year they found time to participate in many of Thornton's extra-curricular activities. The election of class officers and senators, the sophomore party, held in honor of the football team, and the school dances helped to make the year an enjoyable and memorable one.

Tomorrow's junior class sees an unobstructed road looming ahead and will take advantage of signs along the way that read, "Resume Speed."

A cartoon illustration of a boy and a girl looking at a large sign that reads "BUS SCHEDULE". The boy is on the left, wearing a striped shirt and shorts, pointing at the sign. The girl is on the right, wearing a dress and a headscarf, looking at the sign. The sign is a large rectangle with the words "BUS SCHEDULE" written on it.

As the end of the year approaches, the class of "50" realizes that they have fought a courageous battle and have come out victorious. They are ready to become sophomores.

Detours are roundabout ways to reach a goal, but to us they are direct channels to pleasure and companionship.

Parent-Teacher Association

"Intelligent guidance of the youth is the key to the future power of the Nation." This was the timely theme of the Parent Teachers Association for the year 1946-1947. A varied program consisting of outstanding speakers, movies, and concerts, carried out the theme in the meetings held the fourth Tuesday of each month.

After the general business of the month was discussed, a musical entertainment of various forms preceded a speech or panel discussion. Refreshments were served in the cafeteria at the close of the meetings, and the parents and teachers spent the remainder of the evening talking over problems concerning

their children and students.

The Association provides for six major groups of activities each year which are: general welfare, memberships, publicity, parent education, program planning, and student aid. The latter provides the needy students with the opportunity to earn money for expenses such as lunches and books.

The "Night Club" was the greatest financial undertaking of the year. It presented all the gaiety which accompanies a real night club.

This efficient organization has been of great value in providing a permanent link between parent, teacher and student.

Junior Red Cross

The Junior Red Cross is justifiably proud of its record at Thornton. With all the good will of a typical Red Cross worker, each has done his share in successfully carrying out the program for the year. The Junior Red Cross has collected articles for gift packages for men and children overseas, and has sent

reconditioned toys to children at Christmas time.

Having completed its third year at Thornton, this organization may look back upon its past accomplishments and feel that it has done its part toward helping others in a troubled world.

K I P

"Knowledge Is Power" is the motto of the energy-filled students who run the machinery of the student government.

The KIP has been one of the spark plugs of the South Suburban Conference and has actively participated in the Chicago Youth Conference and the Illinois Association of Student Councils. Activities of the KIP conduct committee suggest the spirit that has prevailed in the student council throughout the year.

The KIP is interested not only in conduct and government, but in recreational pursuits. Among the activities sponsored

by this organization is the annual KIP dance.

The conduct committee has held assemblies and given skits in an effort to improve the conduct of the students. They have been rewarded for their attempts by a noticeable improvement in student behavior. They have sold tickets to the football games and have helped solve the endless problems that confront the KIP during the year. The board, the forum, and the conduct committee deserve a round of applause for the grand work they have done for Thornton.

Girls Club

The Girls Club was organized by Miss Frances Gordon in January, 1916. At first the purpose was purely social. Although it is still on the social side, it is now largely responsible for much welfare work.

The six major officers, with the help of the Dean of Girls, direct the many activities of the club. The president and the vice-president are elected from the minor officers; the secretary and treasurer from the Board of Control; the

Speaker of the Council from the Council; the Speaker of Division Chairmen from the Division Chairmen.

Numerous parties are given throughout the year. Some of these are: the Faculty Tea, the Freshman Standup, the Dad-Daughter Dinner, and the Mother-Daughter Eve, which ends the long tension of who is to be chosen May Queen.

Old and new members pledge their loyalty by an inspiring candlelight service on Loyalty Day.

Special honors are given to girls on Scholarship Day who have earned all "A's" in four solids and have satisfactory citizenship ratings. After a girl has attained seven semesters of such a record, her name is engraved on the scholarship cup.

The purpose of the Board is to transact business and to promote the activities of the club. It consists of six seniors, five juniors, four sophomores, and three freshmen.

On the second and fourth Sundays of each month, a group of girls visits the Home for Incurables. These girls do their best to bring happiness to the patients.

Other welfare activities include the collections for infantile paralysis, cancer, and the Red Cross at the local theaters. These activities and many others help to make Thornton girls all that they pledge.

Last Spring the Girls Club organized a Pen Friends club. It consists of Thornton students who correspond with students in both England and Scotland. Meetings are held where students may exchange their ideas.

White "T" pins are earned by freshman girls and purple "T" pins by sophomore girls. However, if a girl from the upperclass has failed to earn either of them in her respective years, she is able to do so later.

The purpose of the Council is to discuss matters of the general wellfare of

the club. It does not vote, but presents its problems to the Board for the final decision. One girl is elected to represent her homeroom.

The requirements for a minor officer are as follows: a girl must have earned her white "T" pin in her freshman year and her purple "T" pin in her sopho

more year; must have a 3.2 grade average and satisfactory citizenship.

The duty of the division chairman is to report absences of every girl in her homeroom and endeavor to find out why these girls are absent. One girl is elected from each homeroom. Her work is supplemented by that of the Secretary

of Attendance, who sends a note after three days' absence, or sends flowers if an illness is long or serious.

The Refreshment Crew is made up of girls who have volunteered to sell food and pop to the hungry fans at the football games.

Our Dream Girl

The processional sounded, and all eyes were turned to watch the 1946 May Queen Court as they marched down the aisle of the gymnasium with their mothers. The occasion was the annual Mother-Daughter Tea.

After the processional, the program continued under the able direction of Shirley Day, General Chairman. Because of the dimout regulations the tea was held in the afternoon instead of the evening, as is the custom.

The highlight of the program was the crowning of Carmella Firetto, May Queen, the announcement of Phyllis Bennet as Maid of Honor and the presentation of the court, which included Betty Anderson, Norma Apel, Joan Brownlee, Elva Dalenberg, Joan Ericson, Priscilla Hirsch, Mary Lou Porter, Betty Rahn, Marian Reis, Dorothy Twietmeyer, and Betty Wright.

This was the twenty-first annual program given by the Girls Club honoring the mothers and daughters of Thornton.

Faculty Assistants

Each year the Business Department sends out girls to assist the faculty members in various departments. Some of the girls help in the Girls Club office, others go to the library, the nurse's office, the deans' offices, the rental library, the class principals' offices, the girls' gymnasium classes, and many other depart-

ments of the school. If, at any time, a teacher needs help on any business matters, he may refer to the business department, and acquire such aid

These student secretaries, by helping the faculty members, are helping to prepare themselves for the business world.

Twenty-three years ago Thornton's Boys Club was organized under the direction of Mr. O. F. Umbaugh, Dean of Boys and faculty adviser. Since that time, the boys have shown by the work they have done what they are able to achieve at Thornton.

They sponsor a number of activities during the year, including the Stag and Mother-Son Night. The annual play and numerous assemblies, given the student body, are co-sponsored with the Girls' Club.

The hall guards, campus patrol, the safety squad, and Hi-Y, which has been formed for the extension of high standards of Christian character, are under the sponsorship of the Boys Club. The Hi-Y has taken over the job of main-

taining a checkroom service for the Purple X Open House.

The Boys Club is managed by a student Board of Directors, consisting of four seniors, three juniors, two sophomores, and one freshman, and by the representatives, one of whom is elected from each homeroom.

The officers of this year have done a fine job of managing the club. The president was Joe Triumph, and the vice-president, Dan Hughes. The offices of secretary and treasurer were held by Jeff Hunter and Bruce Smith.

Now that another year has passed and the Boys Club may look back upon a job well done, it will also look ahead to future problems and future successes.

Yearbook

Wouldn't that make a wonderful picture?" The minds of yearbook students run in such channels. From the beginning of the year, ideas are being formed, which, when pieced together, will bring you the 1917 Yearbook.

The great day comes when the final product comes back from the printer. Anxious students search frantically through their yearbooks, and signatures are in great demand.

Behind all this is the tireless effort of the Journalism class. Photography, art work, writing, layouts, and typing are a few of the many tasks confronting the staff, but as a reward for their work, they have the satisfaction of seeing the 1917 THORNION!!!

Newspaper

The policy of the *Thorntonite* is to print news of interest to both student body and faculty. The latest news concerning clubs, organizations and other school activities are printed in the weekly edition of the newspaper. About 2700 copies are distributed to students, advertisers, and to other schools as exchanges.

Early Monday morning the copy basket is piled high with feature stories, and editorials, for pages two and three. Careful check of the copy for errors in spelling, grammar and punctuation is made before it is typed and sent to the printer at eleven o'clock, Tuesday morning. The printer returns the galley proof sheets for pages two and three during first period Thursday morning to be proofread.

The deadline for front page and sports news is Friday afternoon, with the exception of late news which may occur over the weekend. The stories are typed and sent to the printer, who returns the page-proof Monday morning, to be checked for typographical errors.

Thespians

The Footlighters' Club gave their annual play on May 17, 1916. The name of the play was "Wappin Wharf," and the production was under the direction of Mr. E. C. Ohlert.

"Wappin Wharf" was a story of old pirates who had retired and were sitting back remembering years gone by and of an old wharf just outside the village. On this wharf stood a gibbet on which pirates were hanged.

The music was selected and directed by Mr. Lyle Hopkins.

On January 14, the Footlighters also gave "Tomorrow The World," sponsored by the Whittier P. T. A.

On April 5 and 6, 1946, the senior class presented Noel Coward's hilarious farce, "Blithe Spirit." The action of the play took place in Kent, England. It was an account of a husband's difficulties when his first wife, who died a natural death, returned from the dead and proceeded to murder his second wife.

Students who took part in the play were Jean Skerry, Marge Gerodimos, Bob Achor, Russell Hart, Joan Christ, Gloria Anderson and Billie Jezek.

The Business Managers, Harriet Jones and Carol Emerson, helped to make the play a success. It was directed by Mr. F. C. Ohlert.

The annual Boys and Girls Club play

"Pride and Prejudice," was presented on the evenings of November 15 and 16. The production of the play was supervised by Mr. C. E. Ohlert. Marjorie Huish and Donald Stegmeyer were business managers for the play.

In the story of the play, Mrs. Bennett tried desperately to find husbands for her three eligible daughters, Jane, Elizabeth, and Lydia. Although she finally succeeded, she encountered many difficulties along the way. In the end, all three daughters were happily married, much to the pleasure of Mrs. Bennett.

This play was written to show the difference between social levels in the 1800's.

Debate Club

If you are one of those people who enjoy a good, heated argument, and you would like to improve your ability to speak, your prayer has been answered. Once again Thornton has organized a debate team under the direction of Mr. H. E. Bean.

Each year a special topic is chosen and each team prepares itself for the debate. A student receives so many points for participating in the debate and for the quality of his argument. The students obtaining the most points are initiated into the National Forensic League.

Footlighters Club

The Footlighters Club was organized to give those students who are interested in dramatics a chance to prove their acting ability. In addition to presenting several plays during the course of the year, these students learn to apply make-up successfully and arrange scenery on the stage.

This year the Footlighters Club officers are: Coral Yates, president; Lucy Finkle, vice president; Doris A. McNeil, secretary-treasurer.

Pierian Club

The Pierian Club is composed of high school students interested in writing. At the meetings the entertainment consisted of the reading of short stories, poems, essays and other compositions written by the members.

In order to be eligible for membership a student must have an interest in writing and must be recommended by an English teacher.

The rejection of the candidate or the acceptance of him is determined by the Club.

The year's best short stories, poems and essays are compiled by the Club into the literary magazine, "Profiles." Miss Emily Coffman is the adviser.

Language Clubs

The Spanish Club is an official student league of the International Pan American League. It aims to further the feeling of good-will and to increase the knowledge and understanding of our Spanish speaking neighbors.

Activities of the club include presentation of plays, original skits, stunts, Spanish songs, and movies about peoples of countries south of the border.

The main purpose of Le Cercle Francais, the French Club, is to improve the students' use of French under pleasant and natural conditions. French is spoken at the meetings.

Programs include plays, skits, games, and French songs.

The object of Latini is to further the use of the Latin language by combining the serious task with that of social pleasure.

Programs include the annual Saturnalia or Christmas celebration, the Circus Maximus, which includes games, chariot races, and the May banquet when everyone appears in costume.

Through the diversified programs of Die Deutsche Ecke, it is the hope of the sponsor, Mr. A. F. Koester, that the students will become better acquainted with the lives and customs of the German people, as well as obtaining a thorough understanding of the language itself.

The meetings are opened by singing German songs in the true German spirit.

Through movies, slides, and the presentation of skits and plays, the students learn much about the German language and civilization.

Future Homemakers of America

All Thornton girls who are now enrolled in home economics classes, or who have previously taken this course are eligible to join the club known as "The Future Homemakers of America." As its theme indicates, the purpose of this club is to improve the life of the high school girls.

This year's official sponsor was Miss Margaret Miles. She was assisted in her work by Miss Wilma Reed, Miss Elizabeth Ford, and Miss Lydia Mussman.

Camera Club

The Camera Club was sponsored by Mr. G. Denmark, and all students interested in photography attended the meetings, which were held every other Wednesday after school in room 110.

The members were given lessons in techniques in taking pictures. There were also numerous special meetings in the darkroom to teach the students developing and other darkroom procedures.

The club went on several hikes in order to get a few scenic photographs.

Hi-C Club

The Hi-C Club was organized in Thornton this year to provide a place for all students of all denominations to meet and have fellowship and fun.

Don Loney was the leader of the club and Bob Post was the pianist. Miss Lois Henderson was the faculty sponsor.

The first twenty minutes of the meeting was spent in singing choruses, after which a short message was brought to the group by Don Loney.

One of the outstanding events of the year was the Halloween party given for all the Hi-C Clubs in the Chicago area at Lane Technical High School in Chicago.

Purple X

The Purple X, which was organized in 1938, consists of a group of students selected by a membership committee. Its main purpose is to further the recreational facilities of the student body.

Members are chosen by the faculty for their outstanding leadership.

After a football or basketball game, the spectators need a way to dispose of their vim, vigor, and vitality. This can be accomplished by attending the Purple X Open House.

Since one of the school colors is purple and "X" signifies the unknown quantity of recreation which may be enjoyed by all students, the name Purple X was given to this organization.

This year's officers are: Don Stegmeir, president; Pat Wurtman, vice-president; Pat Sonneleitner, treasurer; and Jane Lambert, secretary.

Cine-Mechanics

In order that the students of Thornton may see as well as read about the subjects they are studying, movies are shown from time to time in connection with almost every course offered by the school. The "men behind the machine" are boys who have volunteered to show the movies during their free periods. Their work also consists of operating the movie machine for special gatherings such as language club and PFA meetings.

Melody Lane

The mixed choir is one of the most active musical groups at Thornton. Majesty is added to any program when they appear in their purple robes. The membership is made up largely of upper classmen, and their programs usually consist of a more serious type of music, although of recent years this group has produced two Gilbert and Sullivan operettas. For the performances, "Pirates of Penzance" and "H. M. S. Pinafore," the chorus donned colorful costumes and an air of gaiety. The mixed choir is directed by Mr. Walter Ambruster.

This group has the distinction of being the most select of all the choral groups. Good musicianship is an important qualification for membership. The madrigal singers frequently appear when a large group would be impractical. The past few years have found many honors bestowed upon them. They have appeared on school programs, and they have been invited to sing for many Chicago and State music educators' meetings and clinics.

Thornton boasts one of the finest Boys' Glee Clubs of any school in the country. Good singing has become a tradition, and the boys find it not only fun, but inspirational as well. While they sing for their own enjoyment, they also give much pleasure to others by appearing on numerous programs during the year. They are enthusiastically received at the annual Christmas Concert, assembly programs, and the Spring Music

Festival, and are much in demand by music lovers throughout the community and by all those who have heard them. The Glee Club is directed by Mr. Walter Ambruster.

Membership in the Girls' Choir and Glee Club is granted on the basis of musical ability. The groups differ in respect to the standards for membership, and the opportunities offered for public performance. These organizations propose to develop a spirit of cooperation and physical and mental coordination, besides effective voice production and artistic interpretation. The singing of solos before the group increases poise and self-control, while individual participation in trios encourages self-reliance and initiative.

Both of these singing groups have grown from year to year, until now each numbers over one hundred members. Programs are presented at assemblies, the Christmas Concert, and the Spring Festival.

The Keydets is a vocal ensemble of girls chosen from the Girls' Choir for their singing ability and knowledge of harmony. This group, which rehearses after school, offers additional opportunity to those especially interested, for participation in musical events. The Keydets sing at various school functions including assemblies and concerts, and also perform for many community organizations in this area.

The three groups are directed by Miss Prudence Thompson.

Pirates of Penzance

The Music Department presented "Pirates of Penzance," by Gilbert and Sullivan, on March 8 and 9. The production was directed by Mr. Walter Ambrose, director of vocal music. Since operettas have won a large following at Thornton both evenings were sold out well in advance. The abundance of talent allowed for a double cast in most of the leading roles. The Friday evening cast included Phil Hayes, Beverly Payne, Carl Christensen, George Burdett, Joe Youngblood, Henry Younkman and Carolyn Breeden. On Saturday evening the leading roles were portrayed by Bob Achor, Joan Adler, Ted Thompson, Wilson Reed, Ed Matthieu and Carolyn Breeden. In supporting roles Joan Winkler, Janet Dunham and Jean Lave appeared in both performances. Excellent support was given by the chorus and orchestra. Helen Gjerde served as the accompanist. Critics hailed the production as practically professional.

The Thornton High School Band directed by Mr. Lyle Hopkins, has proved itself to be one of the best organizations of its kind in the state, having won numerous contests and awards.

Since the beginning of World War II the band has participated in twenty patriotic affairs in the community, industry, and school. In recognition of this patriotic service, the band was presented with a Distinguished Service Citation in 1946 by the Music War Council of America.

Besides inspiring the students and players at games, they play at assemblies and festivals, and in parades. The band

Instrumentalists

also presents its own Band Concert each year.

The twirling corps comprises an important part of the band. This corps performs at all football and basketball games and never fails to thrill the spectators with their amazing feats.

All through the rise and forward march of civilization music has played an important part in the daily lives of people all over the world. At Thornton young people are inspired to greater effort and better things through the stimulus of music.

The instrumental department, under the direction of Mr. Lyle Hopkins, is one of the outstanding groups in the

new program in which the instrumental students study in a small group, once a week. It provides them with ensemble work which is very valuable to these groups.

Girls Athletic Association

Who said you had to be masculine to be an athlete at Thornton? We have our own female athletes in the Girls Athletic Association. The G.A.A. is under the direction of a Board and is composed of officers and members.

The officers in the governing board this year were:

Charlotte Huston, President; Marianne Laramie, Vice President; Lois Kruger, Treasurer; and Pat Sobek, Secretary. The rest of the board consisted of Lillian Cook, Barbara Fremouw, Helen Glover, Betty Koester, Marie Rigoni, Shirley Schmidt, Carol Vandenberg, and Joyce Vandenberg.

Many sports are offered throughout the year. Some of those participated in this year were basketball, volley ball, swimming, and badminton.

Student leaders help the teachers referee games and assist in the gym classes in various ways. These girls are given credit for their work.

The favorite sport of the G.A.A. members seems to be basketball. Maybe it's because there is a banquet held after the basketball tournament. On that day the new members are initiated into the G.A.A. and numerals are awarded to those completing three seasons of sports. A three-inch "1" is awarded to those with five seasons. The highest award, a five-inch "T", is awarded to those girls showing outstanding accomplishments.

Rooter Rousers

Who follow our boys around to out-of-town games? Who cheer for Thornton, rain or shine, win or lose? Yes, you've guessed it—our cheerleaders! They have done a fine job in the past year. They are always out there cheering, and they never lose faith in our men.

They not only exert a large amount of energy at the games, but they practice regularly on Mondays and Wednesdays during eighth period.

In previous years the cheerleaders had no sponsor; this year they are sponsored by the KIP. Miss Vera Crites and Miss Identa Moler are sponsors.

This group consists of three varsity members (all girls) and eight apprentice cheerleaders (two boys and six girls). The apprentice leaders do some cheering, but have to wait until next year to play a really big part.

Touchdown Teamsters

In football this year it was the Freshman-Sophomore team that walked off with the honors. The youngsters, under the coaching of Frank Froschauer and Ted Czech, placed third in the Suburban League, winning five and losing three. After winning from Blue Island, the "Kittens" seemed to bog down and did not come out of their losing streak until they upset the mighty Oak Park. This victory seemed to be the spark they needed, for they finished up the season by winning the last four games.

The varsity squad were not as successful against the Suburban League. Although the Wildcats had fine coaching by Mr. Lipe and Mr. Huddleston, they were a very green team to the extent of having sophomores in the starting lineup and were overwhelmed by the experienced boys from the North. Their best showing was against New Trier, where they held the "Green Wave" to a two touchdown victory.

The freshman team, coached by Mr. Krughoff and Mr. Bricker, and the junior varsity, coached by Mr. Nisbet, went through their schedules without being swamped at any time and both teams managed to pull a few games out of the fire.

Both the varsity and the freshman-sophomore teams have excellent material coming up for next season. This year has been a building year for the team. With experienced players in view, we may expect better teams in the future.

"Swish" Sinkers

The Flying Clouds of Thornton, coached by veteran cage mentor, Jack Lipe, embarked on their new Suburban League schedule with optimism the past year.

In a warm-up game with Fenger, a non-league school, the Clouds showed plenty of speed and power as they swamped the south-side quintet. The Thornton rooters were indeed surprised when, in the following five weeks the Clouds failed to win a single game.

In midseason, Mr. Lipe's cagers finally reached the playing form they should have been in at the beginning of the season. To the delight of the fans the Clouds upset New Trier's applecart, nearly nipped the famed Bulldogs of Waukegan, trounced the high and mighty Proviso Pirates, and mangled the Little Giants of Highland Park.

This sudden string of victories pulled the Clouds up to a respectable berth in the league standings. Next season Coach Lipe should produce one of the finest machines in the conference, for there will be excellent material from the lower classes, and he has several talented holdovers from this season.

The Young Clouds, coached by Tom Nisbet, had fifth place nailed down by midseason. The speedy little sophomores played their best game against the juvenile cage experts from Morton, beating them by one point.

The Young Clouds never failed to give the fans a thrill, even when they lost. Coach Nisbet is looking forward to a better season next winter.

Diamond Dashmen

The baseball team formally introduced Thornton into the Suburban League last year. The team played Joliet, Fenger, Blue Island, and the Pullman Technical High School, besides playing their regular Suburban League schedule. By beating Proviso and Waukegan twice and New Trier once, the boys ended in fifth place with five wins and five losses.

The four pitchers were Gene Summa, Roger Frebel, James Wagner and Don Rasmussen. The two men behind the plate were Richard Kolloway and Tom Coulombe.

The 1916 varsity track team won three out of four of their dual meets, were tied for first place in the district meet at Kankakee, and came in last at the conference meet with six points.

Of the approximately thirty schools that participated in the district meet at Kankakee, the track team was tied with Calumet City for first place with 31 points apiece. Calumet City was awarded the trophy because they scored more points in the state meet.

Mat Musclemen

This year's wrestling team, coached by Tiny Huddleston and Joe Rockwood, who was the Illinois state champion of 1945-46, found the opposition pretty tough by managing to win only two meets while losing eight. The team this year wrestled in the new addition of the Buda gym, which was started last fall and was finished the latter part of December.

A few of the boys earning high point honors for the team in the varsity meets were: Red Coulombe, 28; Bud Messmaker, 23; Earl Landry, 22; Babe Carlson, 18; Don Kagy, 13; Dennis Bruggeman, 11; Bill Kudak, 11.

Poseiden's Pals

Coach Froshauer's varsity mermen found the water pretty rough when they took their initial plunge into Suburban League competition last winter.

In the pre-season warmup meets with Calumet City the swimmers showed definite strength, but the unlimited reserves and individual stars of the experienced Suburban League teams nipped Thornton's hopes in the bud.

In the Conference meet held at New Trier Thornton failed to earn a single point. This gave them an undisputed berth in the league cellar.

The Frosh-Soph swimmers narrowly averted the same fate as the varsity by earning two points in the Conference meet, placing them seventh in the league standings.

Racket Swingers

After embarking on a rugged twelve match schedule following a three season layoff, the Thornton tennis team ended a disappointing season with two victories and ten defeats.

The Wildcat courtmen dropped their opener with Morgan Park, but beat the visitors on their own courts in a return match. They repeated this routine with Blue Island, winning on the home courts but losing at Blue Island. In the following weeks Thornton played all of the Suburban League teams, but failed to come out victorious in any of the encounters.

Puttin' Around

Last year the golf team was an active participant in the Suburban League. They had a large schedule and were victorious in about half of their meets, but they failed to place in the district meet at Joliet. All of the team but the captain, Wojciechowski, will return for next year.
